

Paying the rent

The deposit does not cover any rents. With this rental invoice you can pay the rent in advance. The deadline is always 6th of each month.

You can pay all rents at once, as a one payment, or you can pay only one month at a time. Paying all at once might save you some additional transaction fees.

The rent is paid as a direct bank transfer. You can follow up your rental payment balance via the MyTOAS online system once you have signed your tenancy agreement (see more details about myTOAS in the information email). It will take a few days for the payment to reach the TOAS bank account. TOAS doesn't send you a confirmation when your payment reaches our bank account.

If the invoice includes more than one bank account (1.), you can choose yourself which you want to use. Beneficiary's name and address (2.) is located right below the IBAN code/codes. The personal reference number (3.) must be used in every payment. Without the reference number we will not know, whose payment it is. Especially if someone else pays the rent for you.

NOTE! THIS IS AN EXAMPLE, DO NOT USE THIS PAYMENT INFORMATION (see your personal rental invoice)

Maksu välitetään osajalle maksujenvälityksen ehtojen mukaisesti ja vain maksajan ilmoittaman tilinumeron perusteella.
Betalingen förmedlas till mottagaren enligt villkoren för betalningsförmedling och endast till det kontonummer som betalaren angivit.

Please note that it is not possible to pay the rent in cash, as the TOAS office and banks in Finland do not accept cash payments.
