

GIVING NOTICE

The notice on your accommodation must be given at the least **one calendar month** before moving out. The notice period is calculated from the last day of the current month (the month when the termination is received by TOAS). FLAT INSPECTION PROCEDURES

The tenant moving out is required to do the final cleaning. The apartments are inspected always when the flat/room will be vacant. The common areas of the shared apartments are inspected always when at least one of the tenants is moving out.

The apartments are inspected on the moving day (first working day after the end of the tenancy). If the cleanliness and the condition of the apartment do not correspond to the requirements of TOAS, the vacating tenant will be charged for the cleaning/repairs. If the cleanliness and condition of the room in a shared apartment do not correspond to the requirements of TOAS, the vacating tenant will be charged for cleaning/repairs. Charges concerning the common areas of a shared apartment will be divided between all tenants of the apartment.

The inspector will check the general condition and cleanliness of the apartment, kitchen fittings, TOAS' furniture, kitchen appliances, lamps, electric sockets, switches as well as other devices that must be undamaged and in position. Possible cleaning/repair costs may be deducted from the deposit or the tenant moving out may be charged with a separate invoice. The new tenant has the right to complain about the condition of the apartment.

The keys must be returned to TOAS office at the latest on the moving day (first working day after the end of the tenancy). Do not leave the keys in the apartment! You may also give the keys directly to the new tenant. If you do so, the key transfer agreement must be filled and returned to TOAS office. Also the heating pole keys and parking hall card must be returned to TOAS office once the agreement has ended.

§ 13. TERMINATION OF THE TENANCY AGREEMENT

If the Tenancy Agreement is terminated by the Lessor, the period of notice is three (3) months. If the tenancy of a residential apartment has endured continuously for a minimum of one (1) year, the period of notice is six (6) months. The Lessor gives notice using a form for this purpose. When the Tenancy Agreement is terminated by the Tenant, the period of notice is one (1) calendar month. The period of notice is calculated from the last day of the month of the termination onwards. The termination must be made in writing and it must be dated and verified with the Tenant's own signature and new address. The lessor must approve the termination for it to be effective. When a married or co-habiting couple use a residential apartment as their mutual home, one spouse cannot terminate the tenancy without the consent of the other.
